## Summary

I am a fourth-year Ph.D. student at [VISICS](#) group of KU Leuven starting from 2016 fall. I am supervised by [Prof. Luc Van Gool](#) and I also work closely with [Prof. Tinne Tuytelaars](#) and [Prof. Bernt Schiele](#). Prior to this, I obtained my Master's and Bachelor's degree from Peking University and South China University of Technology, respectively. Currently, I am working on image synthesis, self-supervised feature learning, and scene understanding. I have published articles in NIPS, CVPR, ICLR, ECCV and related conferences or journals.
